ROLE

CAP is willing to assist students to co-ordinate their own research projects with academic staff. Students can choose to research on any of the 4 topics of corporate accountability that CAP focuses on - i.e. corruption, labour, environment and human rights. A possible issue for this research would be the proposed treaty on business and human rights. Student run research projects will require the approval of the academic advisor for CAP before their establishment.

An example of a previous working paper the Global Corporate Power Project have completed can be found here: http://papers.ssrn.com/sol3/papers.cfm?abstract_id=2675705.
